RESPONSIBILITY AGREEMENT WITH CONSENT TO TREATMENT AND STATEMENT OF FINANCIAL POLICY

By signing below you acknowledge, understand and agree to the following:

1. I am responsible for payment for all services rendered - payment due in full at the time of service. Back To Health Center will provide a receipt for me to submit to my insurance company.
2. I understand that unless 24 hours advanced notice is given, I am financially responsible for cancelled or missed appointments.
3. I hereby consent to acupuncture and related holistic treatments and evaluations rendered to me (or my child if a minor) by Dr. Ashley N. Marchek DC or Dr. Andrew Dyer, DC. I have not been guaranteed any success concerning the uses and effects of acupuncture. I understand that I am free to discontinue treatment at any time.
4. Acupuncture is a healing therapy involving the insertion of fine needles into specific points along meridians on the body. In addition to the use of needles, the scope of acupuncture includes the use of electrical, mechanical or magnetic devices to stimulate acupuncture points, moxibustion, acupressure, cupping and/or infra-red therapy.
5. Acupuncture side effects may include some pain following treatment in the insertion area, temporary aggravation of symptoms existing prior to treatment, minor bruising, slight bleeding, dizziness, infection or needle sickness (fainting).
6. **If you are pregnant, taking anti-coagulant drugs (Coumadin), have a bleeding disorder, diabetes, heart condition, circulatory problems, blood clots, blood borne disease such as HIV or Hepatitis, cancer/malignancies, bone disorders, metal implants or have a pacemaker you should make that information known to Dr. Ashley Marchek DC or Dr. Andrew Dyer, DC prior to treatment.**
7. Acupuncture treatment is a complement to and not a substitute for Western medical care. Certain conditions may best be addressed in partnership with other health care providers.
8. I understand that my acupuncture practitioner follows universally prescribed precautions to guard against the spread of infection by using only sterilized, prepackaged, disposable needles. These needles will only be used on me and are inserted according to clean procedures based on nationally prescribed standards.

I have read and understand/agree to the information on this consent form.
